What will happen next?

The Coronavirus has affected the whole world.

The Coronavirus is a virus that has made people feel unwell.

I have helped stop the spread of the virus by washing my hands and keeping away from people.

I have also helped stop the spread by staying at home and doing my learning there.

I have not been able to go to my favourite places.

Having time off school is a change to my routine and this can be tricky.

Once the Coronavirus has gone, I will be able to go to my favourite places again.

My parents and carers will let me know when I can go back to school.

I might find it hard going back to school because I have had time at home. Everything will be OK, but if I feel worried, I can talk to an adult about it.
