17th December 2020

Dear Parents and Carers,

As part of our build up to Christmas, we have created 'A QI Christmas' performance for you to enjoy at home. As you play the media file, you will hear readers and songs, and you will see pictures that will tell the story of the first Christmas.

Once you have started the media file, it will play continuously (it's approx. 31 minutes long!) until you stop it. You will find it on our website in **Parents | Communications | Whole School Communications**.

Each 'bubble' at school has recorded a song for the different parts of the story of Christmas. Sadly, we were unable to sing together as a whole school, but, thanks to modern technology the different bubbles were able to record their parts and then be 'layered together' to sound as though they were singing as a whole group. Each Year Group also contributed to either the readings, the pictures or the images.

We would like to say a special thank you to all the staff and children for their contribution but particularly, Mr Browning for his technological assistance, Mr Saxton for his musical skills and Miss Packham for bringing it altogether. We hope this performance brings you and your child as much joy as it brought us as we were making it.

I hope you have a happy and safe Christmas and look forward to seeing you all again in the New Year.

Best wishes

Mrs Allen
Headteacher
