

Compound Nouns

Can you match two nouns together to make a compound noun? You can write the new word in your home learning book. Draw a picture to show each new word wherever you can.

Compound nouns are formed from two or more other nouns. For example, **hand** + **bag** is **handbag**.

Match each of the words in the first column to a word in the second column to create a compound noun. Write them in your book and you could add pictures too 😊
