□ + 20 = 38
18 + 20 = 38
He started with the number 18.
One possible approach...
Choose an even number, halve it and – 1.
20, 30 or 40
25
25 + 20 = 45
25 + 20 = 45
No because double 8 is 16 and if you add 5 it will give you more than 17.
