# **Problem Solving Challenges**

#### **Problem One**

## Maisie the mouse

She counted the breadcrumbs in fours. There were 2 left over.

She counted them in fives. There was 1 left over.

How many breadcrumbs did Maisie have?

#### **Problem Two**

### Kieron's cats

Kieron has three cats. Each is a different weight.

The first and second weigh 7kg altogether. The second and third weigh 8kg altogether. The first and third weigh 11kg altogether.

What is the weight of each cat?

# Multiplication Challenge

## **Timed Multiplication Challenge!**

Complete 1 a day – time yourself each day.

Which day can you complete it quickest and most accurately?
