

My Walk To The Shops

When you walk to the shops next time, look very closely at the different things you pass on the way e.g. post box, lamp post, rubbish bin, trees. Maybe you could take some photos of the journey as you go.

When you get home, draw pictures of the features you've seen. Start at your house and end at the shop. Please include labels on your picture to show all the different places and things you've seen.

Maybe you could write about the trip to the shop e.g. I went....I saw.....I met.....I like.....I have to.....
