

Hello Cornelius! My name is Molly and I'd like to know what I will be able to do when I come to Queen's Inclosure Primary School.

Well Molly, you could play in the sand. What do you think you might like to make? What tools could you use? What does sand feel like?

You could play in the water area. We have shutes and troughs and a really old bath! What do you think you would do with the water? What do you think you might need to wear to help keep you dry?

You could ride on the bikes or the cars. Can you ride a 2 wheeler bike yet? Don't worry if you can't - we have trikes too!

What do you think you could play here? We have a big playground and a huge field to play on when it's dry. What games could you play with your friends? You could invent some games for when you start school.

Have you ever made a mud pie? You can make all sorts of yummy things in our mud kitchen, but you can't eat them! What would you like to make? Have you ever helped to cook things in a real kitchen? What's your favourite food?

We have lots of computers that you can use to help with your learning. Do you play any games on a computer at home? Can you use a mouse? No, not a REAL mouse!

If you are hungry, you can have a snack. What is your favourite healthy snack? We have fruit and vegetables. How many different types of fruit and vegetable do you know?

Thank you so much, Cornelius! I now know a lot about QI School! I am very excited that I will be there in September, learning lots of new things and making lots of new friends.
